

✦ Bleeds - If you want your image to extend to the edge of the card, a bleed of no less than 1/8" should be used.

General Guidelines

Linked Graphics

Include all linked fonts and images.

Create Fonts to Outlines.

(This helps eliminate font issues and speeds up your order)

File Formats

We Accept: .ai, .eps, .pdf, .psd, .tiff, .jpg, .png

Bleeds

Please allow for a 1/8" bleed on your cards where printing runs off the edge.

DPI

If sending raster images (.psd, .tiff, .jpg, .png) make sure your DPI is at 300 or above.

Lower quality images will result in poor print quality.
