

## Key Tag 9640-TP Artwork Template

✚ Bleeds - If you want your image to extend to the edge of the card, a bleed of no less than 1/8" should be used.

## General Guidelines

### Linked Graphics

Include all linked fonts and images.

### Create Fonts to Outlines.

(This helps eliminate font issues and speeds up your order)

### File Formats

We Accept: .ai, .eps, .pdf, .psd, .tiff, .jpg, .png

### Bleeds

Please allow for a 1/8" bleed on your cards where printing runs off the edge.

### DPI

If sending raster images (.psd, .tiff, .jpg, .png) make sure your DPI is at 300 or above.

*Lower quality images will result in poor print quality.*
